Etecsa from its institutional wall on Facebook reports that as of October 19, part of the value of the traffic generated by customers during the month of September is available, which makes up the invoice to be paid in October.

As previously reported, the Company is experiencing difficulties in the billing process, which prevented the issuance of the invoice on the customary date, and consequently, this month, customers will not have complete information on the consumption of the telephone service.

For this reason, in the month of November the invoice for October will
