The municipal work directorates apply, in the requests that are formulated for the payment of a nursing home or grandparents' house, the norms for the granting, execution and control established for the rest of the Social Assistance benefits.

The approval of the service corresponds, according to the rate established by the MINSAP, when the following requirements are met:

1. Older adults living alone.
2. Lack of income.
3. They do not have obligated relatives in a position to provide help.
