During two days the delegates of Isla de la Juventud received a preparation with a view to the III Process of Accountability, corresponding to the seventeenth term of office, which will start from the 10th of the current month, thanks to the favorable epidemiological situation in Cuba. Liván Fuentes Álvarez, president of the Municipal Assembly of People's Power and deputy to the National Assembly, stressed that this training contributes to the delegates being in better conditions to face this process, considered as a permanent exercise of democracy, communication and feedback between the Government and villagers.

He stated that the update on the main processes that are undertaken in the territory, will allow them to gather citizen participation to fulfill plans and projects at the request of the community.

For her part, the member of the Central Committee of the PCC Zunilda García Garcés, the first secretary in the territory and a deputy to the National Assembly, insisted on pointing out that this preparation should promote a greater bond between managers and the community.

Likewise, she called to defend in each neighborhood and community the

~~sustainability of socialism and to materialize it in community work.~~
Executives of entities such as: Pescaisla, the Delegation of Agriculture, Agroindustrial, Hydraulic Resources, among others, offered extensive information to the delegates about the management of their entities, compliance with plans, behavior of investments, insufficiencies and projections; as well as the answers to the questions. In this area, they talked about the efforts made by the territory to complete several works in greeting to December 17, the 191st anniversary of the city of Nueva Gerona and the action plan approved for communities in conditions of vulnerability, which will contribute to solving problems in the communities and increase the quality of life of the population.
