Legal provision Resolution No. 54/14 of the Institute of Physical Planning

When due to urban and territorial regulations that prevent it, the owners of wastelands could not obtain authorization to use them in the construction of their own home, they may be interested in the exchange by the DMPF for another owned by the State, of the same or similar characteristics, if it exists. You must accompany a title that certifies the ownership of the land, the Certificate of Domain and Lien from the Property Registry.

The owner may, in addition, offer for sale to the State the land of his property. The request for the procedure is presented to the Physical Planning Officer (OGTV).

Term: 35 business days, 15 for the Municipal Department of Physical Planning.
